

MOOSWA CEMETERY

Mrs. Diane Anderson was a great help in giving me information on the people who are buried in this cemetery. Scouter Pat Johnson helped in providing additional information.

This cemetery is located between Elk Point and Lindbergh. Go east of Elk Point on Highway #646 - then at the top of the hill just before Lindbergh - turn south going past the farm of George Anderson (around and down a big hill) ... then go up a hill and turn east about one mile. The graveyard is on the south side of the road.
